**Presents to You One of the Greatest** Catalogues of the Year.

For A Long Time—More than 60 Years This book has been our annual messenger to the flower lovers of this and other lands. It comes to you now offering at manufacturers' and growers' prices the stock of one of the largest plant producing establishments in the United States offering something for every garden—everything for some gardens. Long before the telephone was known or the electric light dreamed of, McGregors were staunch and hardy pioneers in the plant growing business. From the beginning the keywords of this great enterprise have been integrity and Service. Today, as in all these past years, the supreme aim of The McGregor Bros. Co. Is unquestioned satisfaction on the part of every customer. We have established a clientele of which any concern may have reason to be proud, and we are taking this opportunity to express our appreciation of this successful existence which many thousands of customers have brought about. It is with natural pride, therefore, that we present to you our New 1937 Year Book. It is, in brief, a floricultural department store at your door, and the sole opportunity of plant buyers to secure many things that make for important additions or complete gardens. Extraordinary values fill its pages. Goods are of the highest McGregor quality. Prices are unprecedentedly low. Every offering helps to provide for a beautiful garden at minimum expense and, we believe, therefore, that this catalogue, which we hope will be found pleasing and helpful, is entitled to the consideration of all buyers.

#### PERSONAL SERVICE

If you want Roses, Shrubs, Evergreens, Fruit Trees, Greenhouse Plants, Rock Plants, Perenniais, Bulbs, Seeds that may not be in our catalogue, piease keep in mind that we can, in all probability, furnish them. Our personal service department is so situated with connections among growers throughout the country, of practically all floricultural and hortlcultural items, that generally it is possible to secure for our customers almost any item ordered even though our own stock on hand does not include it. The great variety of plants, etc., we carry permits us to include in this catalogue only the most popular varietles of the families they represent, so there are many items other than those shown that are available. Therefore, if you do not find in this catalogue the item you want, write us, marking your communication for Mabel Martin McGregor, Personal Service Department, The McGregor Bros. Company, Springfield, Ohio. Inquirles will be welcomed.

On this page and pages 5 and 6, we have listed some of the best monthly blooming own root roses that can be produced, and which fit best lnto the varying conditions ln all the states in the Unlon. They make rose growing easy; they eliminate the troubles that come to some of the less experienced rose growers. Many amateurs have planted out roses from the best of budded stock and in a couple of years have only brier growth for their efforts. Therefore, for the less experienced, we recommend the own rooted stock. In the center of this book, in the double page spread are one and two year own rooted plants. These roses in the 1 year size offer more value for the dollar than any other roses. the dollar than any other roses.
